

# Local Offline AI

- **Speaker:** Adam Monsen
- **Room:** CC 236
- **Time:** Sat 11:25 am - 11:55 am
- **Format:** Lecture (30 Min + Q&A)
- **Difficulty:** Some experience required
- **Track:** Self-Hosting
- **Presenter Location:** In-person
- **Experience:** several-th time speaking

## Description:

Learn how to stand up offline AI models for powerful and privacy-friendly advanced interactions with your own data. Chat with your documents, generate ideas, and pair with a virtual programmer. Take these techniques to the workplace to supercharge your business without sacrificing its data. Together we'll explore several methods for setting up models and interacting with them through both end-user and developer-level interfaces.

## Target Audience:

- self-hosters
- sysadmins
- devops enthusiasts
- privacy-minded
- open to AI
