Low Key Gear Exchange

Got something to offer at SeaGL? Edit this page below with the item. All exchanges are in-person, not online. Click here to edit this page.

- This is done for the community. Don't be mean.
- It is first come, first served, entirely in-person.
- It is best effort, meaning nothing is guaranteed. Express your interest in any items listed, to encourage others to do same.
- Trades not required. Money not required, but do give some to SeaGL if you enjoy the exchange.

When will the exchange be?

- Lunch
- TeaGL
- You may also bring items to the Linux Prepper podcast table, assuming they fit.
    - You can reclaim your item (it is yours).
    - Anyone interested can give a seagull cry.

How to identify yourself?

Make a seagull cry.

If someone responds “Woof” then you know they want to trade / take a look.

Items for Offer

Click here to edit the page. Also add a note if you are interested in something offered (so the person remembers to bring it). Names not needed, because the point is to low-key find each other at the conference.

- One item per line please
- Odroid C1+
